HOW TO LOGIN TO YOUR WEBSITE?

All you need to do is add **/login/** or **/admin/** to the end of your website address, for example **mywebsitename.com/login**

Click enter. This will take you to your login page where you can enter your **Username** and **Password**. Once logged in, you will be taken directly to the administration area, which is also known as the **dashboard**, of your website.

A white rectangular overlay containing the WordPress login form. At the top left is the WordPress logo (a 'W' in a circle) followed by the word 'WORDPRESS' in a blue serif font. Below this is a rounded rectangular box with a light gray border. Inside this box, there are two input fields: the first is labeled 'Username' and the second is labeled 'Password'. Below the password field is a checkbox labeled 'Remember Me'. To the right of the checkbox is a blue button with white text that says 'Log In'. At the bottom left of the box is a blue link that says 'Lost your password?'.

Your **dashboard** allows you to control all of the behind-the-scene details of managing your site. In case you are lost, remember you can also find your website dashboard by appending **/wp-admin** to your website address (URL).

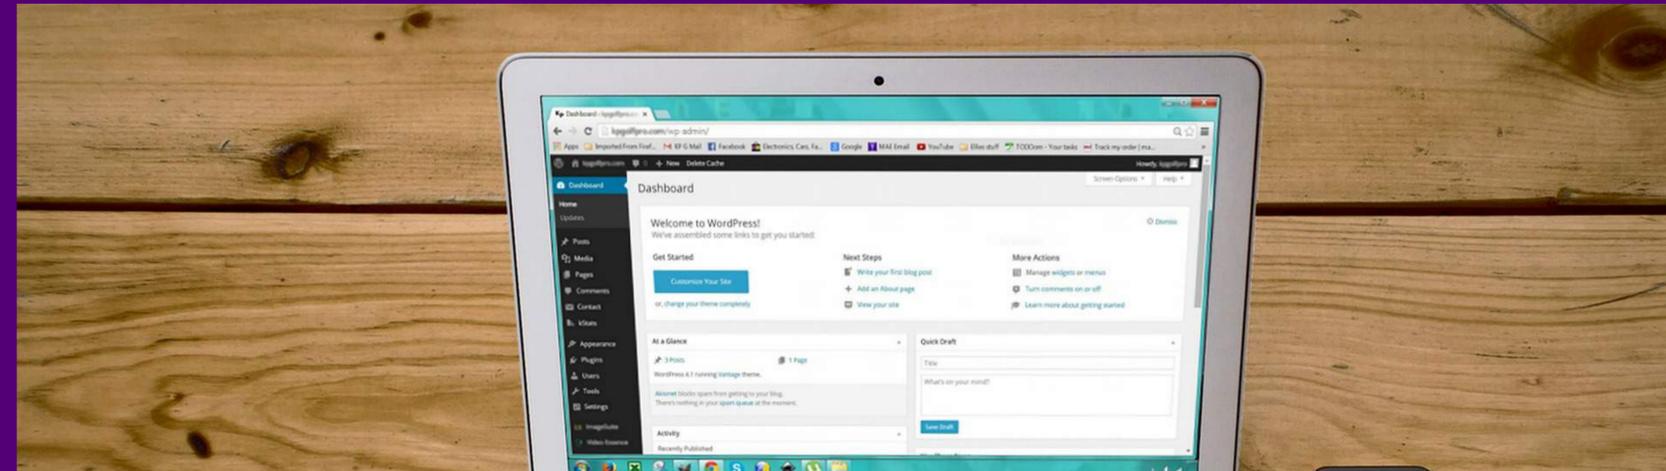

HOW TO CHANGE YOUR WEBSITE PASSWORD?

- In your dashboard, go to **Users > All Users**.
- *Click on your username in the list to edit it.*
- In the **Edit User** screen, scroll down to the **New Password** section and click the **Generate Password** button. If you want to change the automatically generated password, you can overwrite it by typing a new password in the box provided.
- Click the **Update User** button below.
- Your new password becomes active immediately.

WHAT TO DO WITH YOUR ADMINISTRATION EMAIL

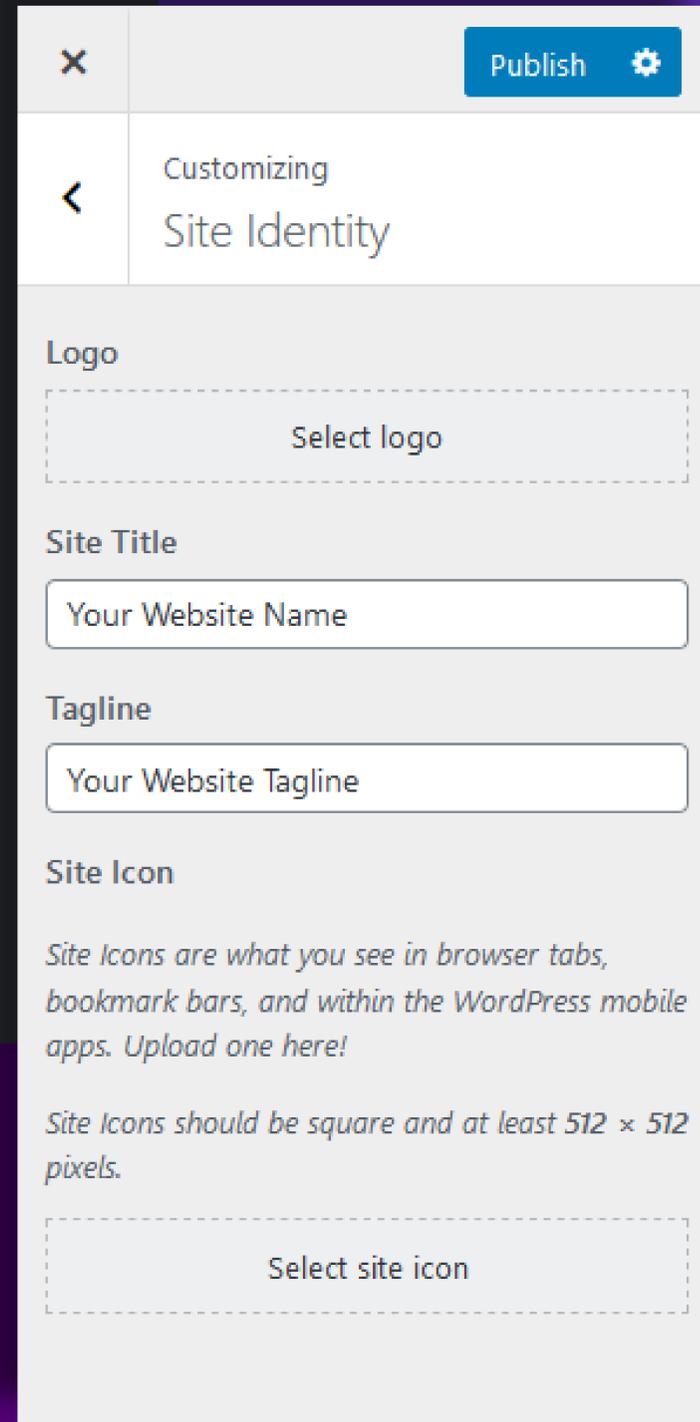

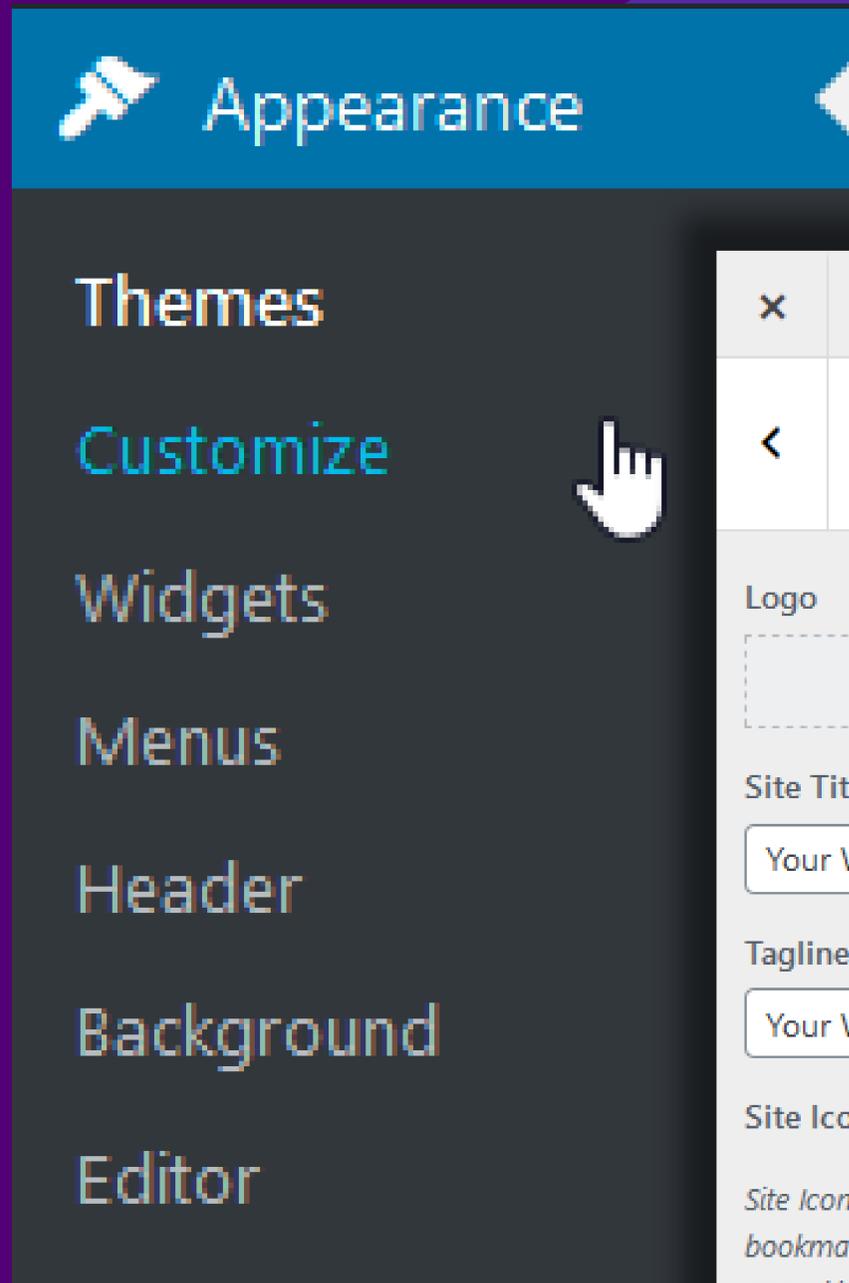

Your WordPress Administration email option can be found when you navigate to **Settings > General Settings**. This Admin Email is very important.

Our email **info@creativeyadley.com** is the default email account in this panel. We recommend that you **do not** remove our email address from that Administration email panel. By keeping our email stored in that section, we

The main content area shows the 'Administration Email Address' field containing 'info@creativeyadley.com', which is also highlighted in a red box. Below it is a warning message: 'This address is used for admin purposes. If you change this become active until confirmed.' Other settings visible include 'Membership' with an unchecked checkbox for 'Anyone can register' and 'New User Default Role' set to 'Subscriber'.

can be able to get instant notifications on important technical matters that need our urgent attention as your host. e.g when a hacker is attempting to log into your website or if your website is experiencing downtime.

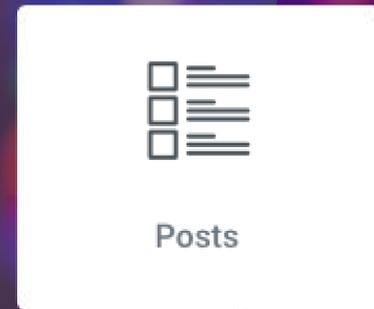

HOW TO CHANGE YOUR WEBSITE LOGO?

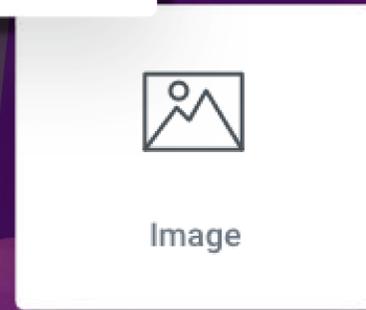

- In your dashboard hover over 'Appearance' and click on 'Customize.'
- Click on 'Site Identity' to open the logo placement panel.
- Click on 'Select Logo' to select one from your Media Library or from your local computer.
- In this 'Site Identity' panel you can also change your site title and tagline.

WHAT IS ELEMENTOR?

Elementor is a drag and drop **page builder plugin** that works on WordPress based websites. It allows you to define layouts; add, edit, and remove elements; and use various templates to build your website. With Elementor page builder, you edit the page and simultaneously see exactly how it looks like.

You basically use Elementor by dragging elements from the left and placing them on your page.

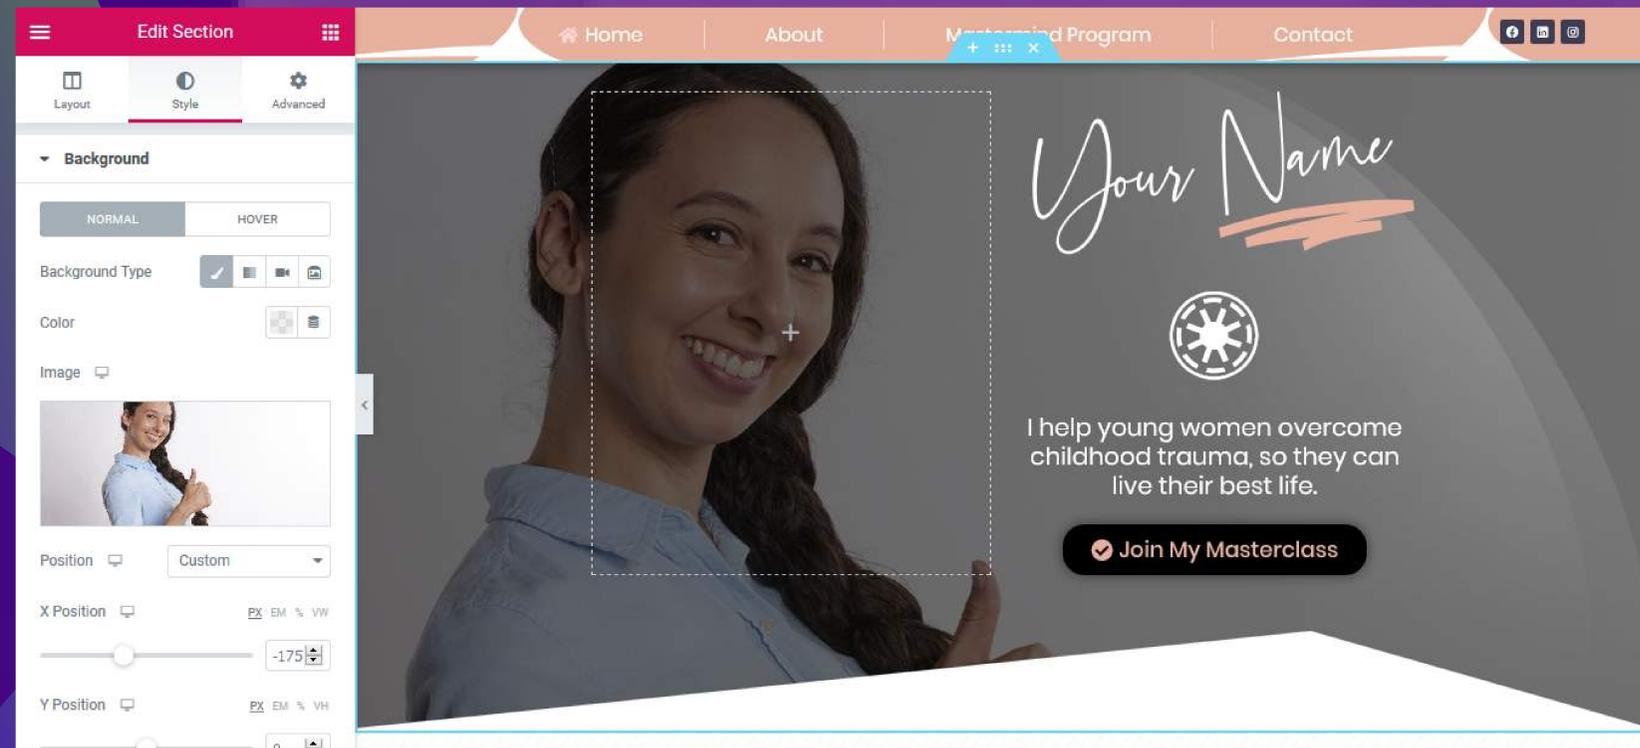

HOW TO START EDITING YOUR PAGE WITH ELEMENTOR?

- Navigate to the desired page and click **Edit with Elementor** on the top menu.
- Alternatively, you can navigate to **Pages > All Pages** tab in your WordPress admin panel and open the needed page.
- Click on the blue **Edit with Elementor** button and start editing.

HOW TO REPLACE YOUR HERO IMAGE?

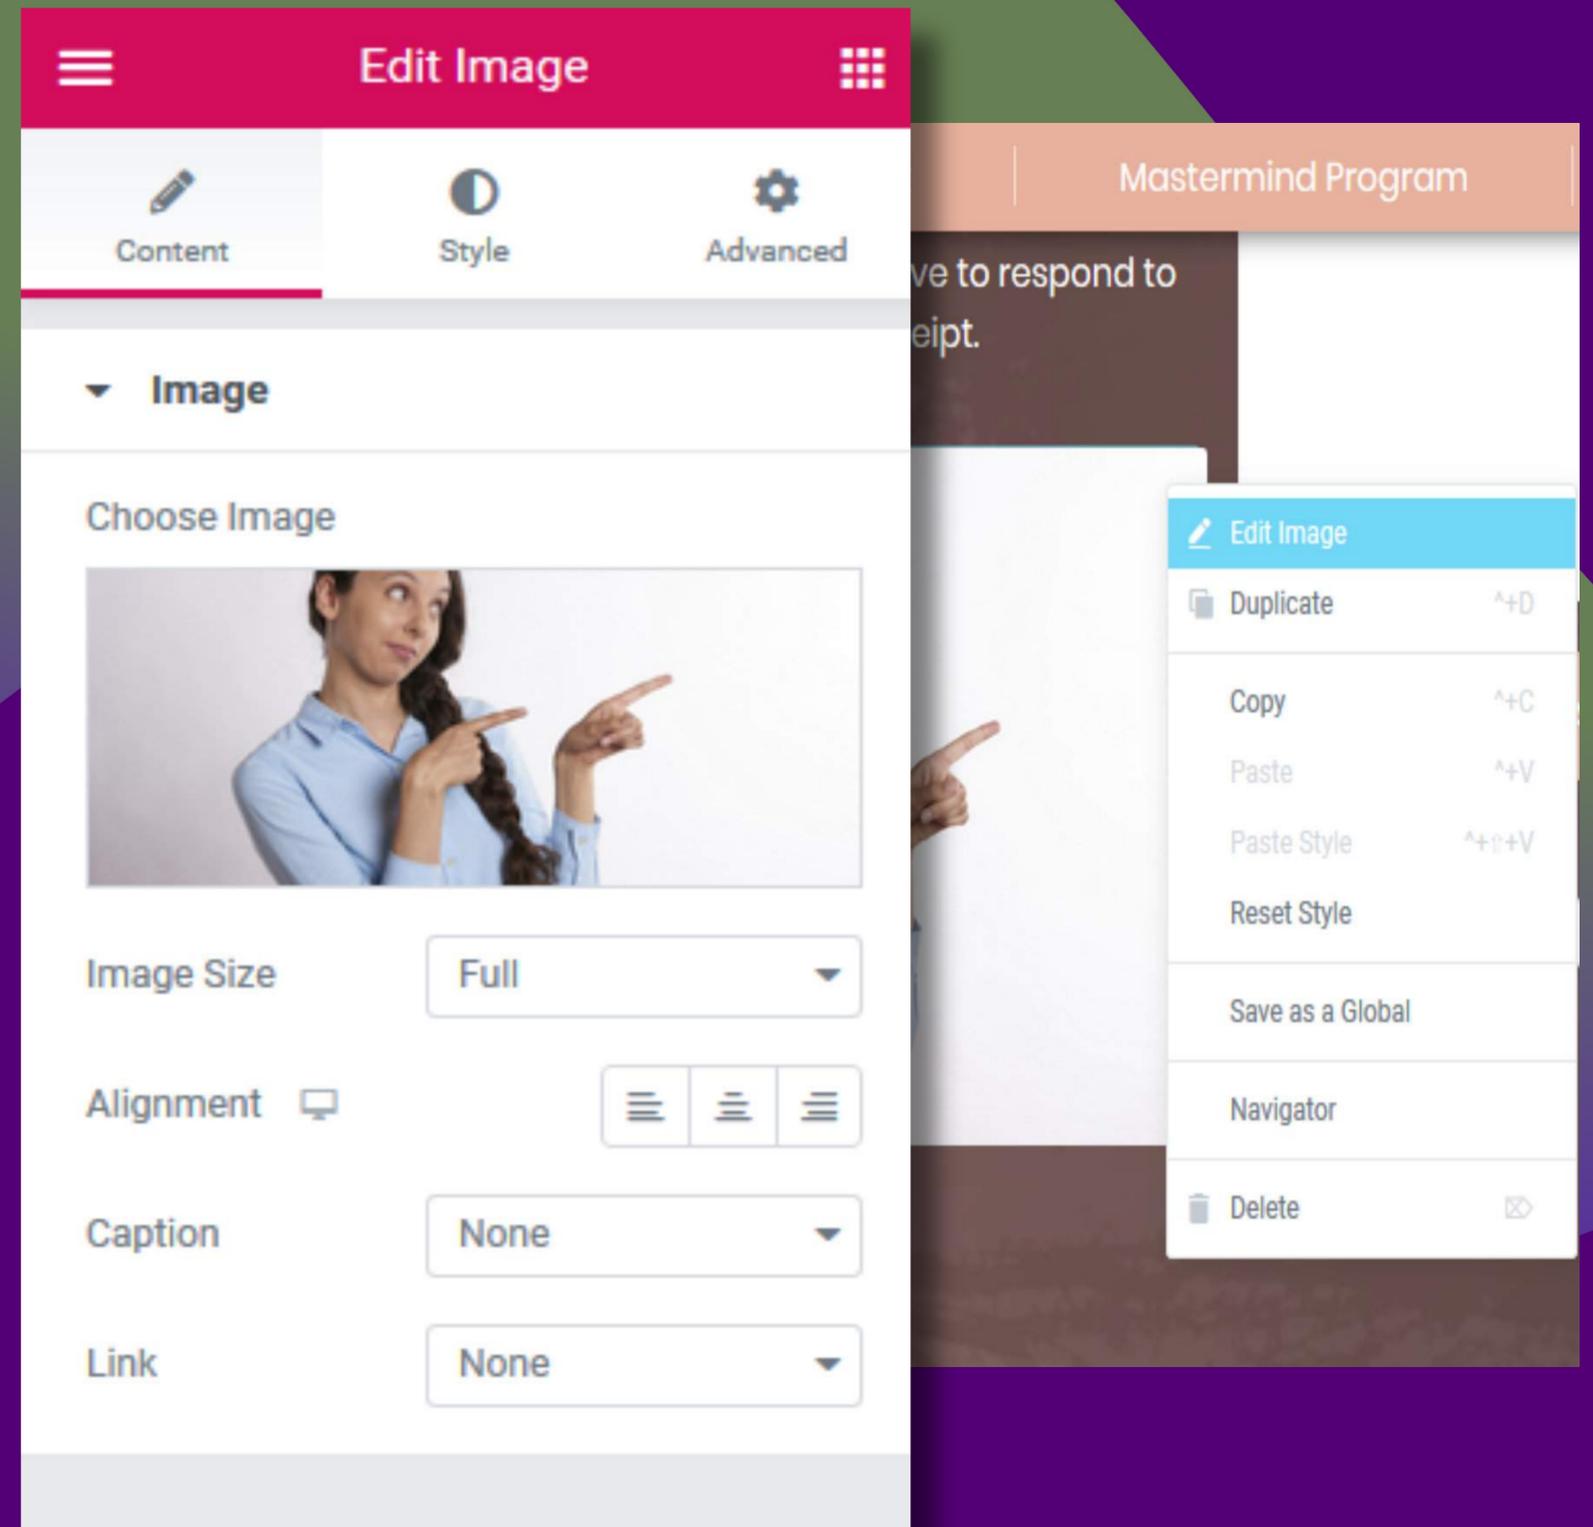

A hero is a large web banner image prominently placed at the top of every page.

- Hover your mouse over the top of the hero section and click on the blue section handle (those 6 dots at the center).
- The section editor panel will automatically open on the left.
- Click on **STYLE**.
- Click on **BACKGROUND** just below.
- Click on the current image to be able to select a new one from your media library or from your computer.

HOW TO REPLACE ANY OTHER IMAGE?

- Click on the image that you would like to replace. The editor panel will automatically open on the left.
- Alternatively, **right-click** on the image you would like to replace and click on **Edit Image**. Use the editor panel on the left to select a new image from your media library or from your local computer.

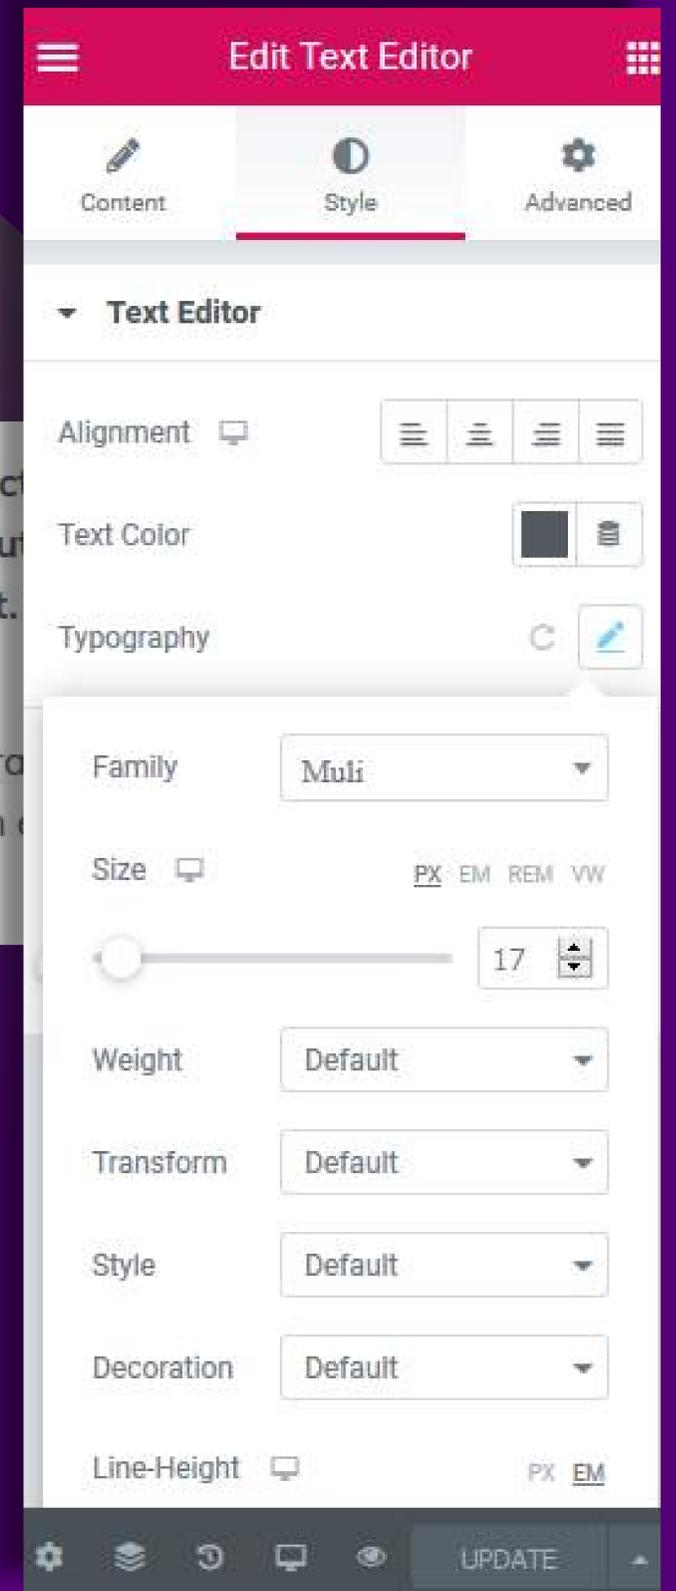

HOW TO CHANGE FONT SIZE, COLOR, FAMILY & STYLE

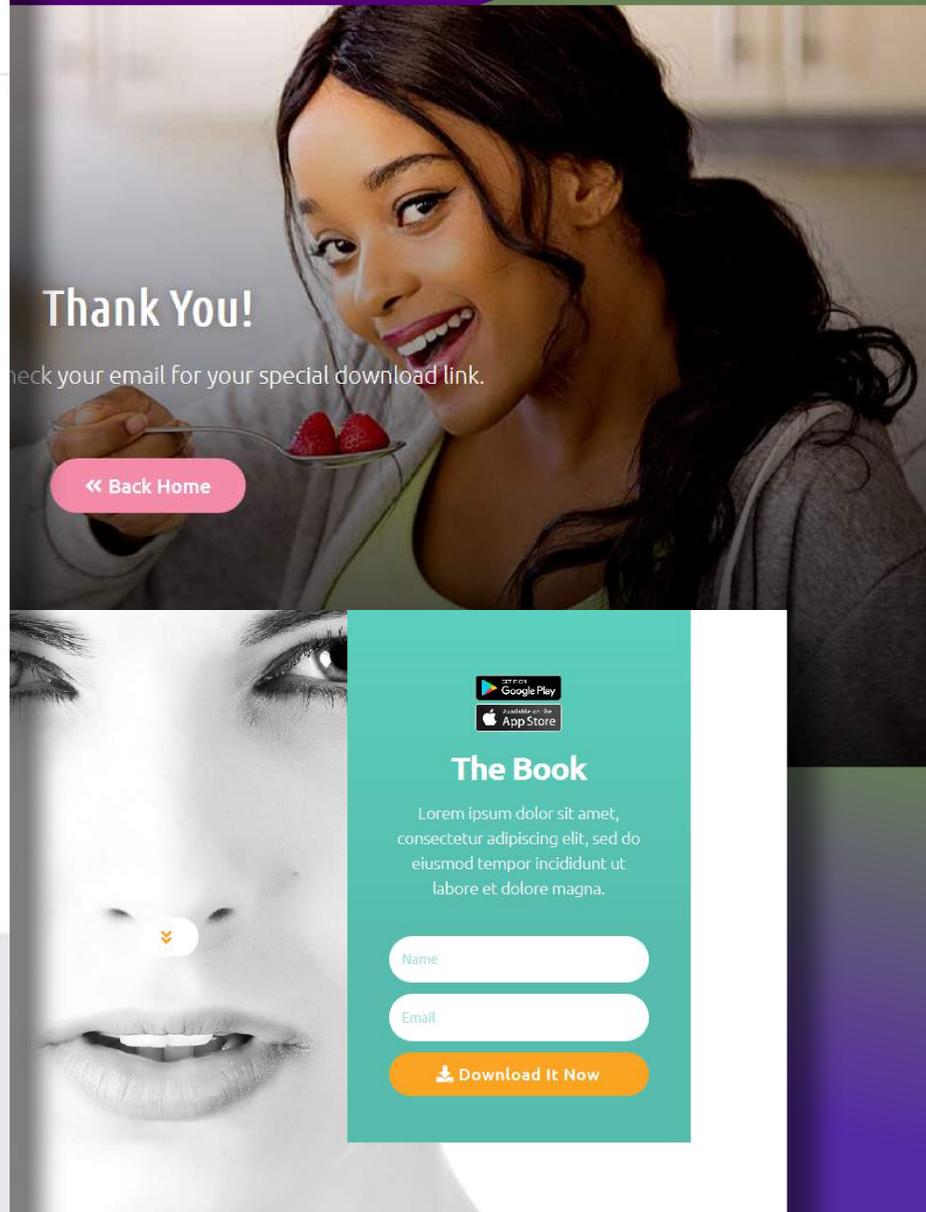

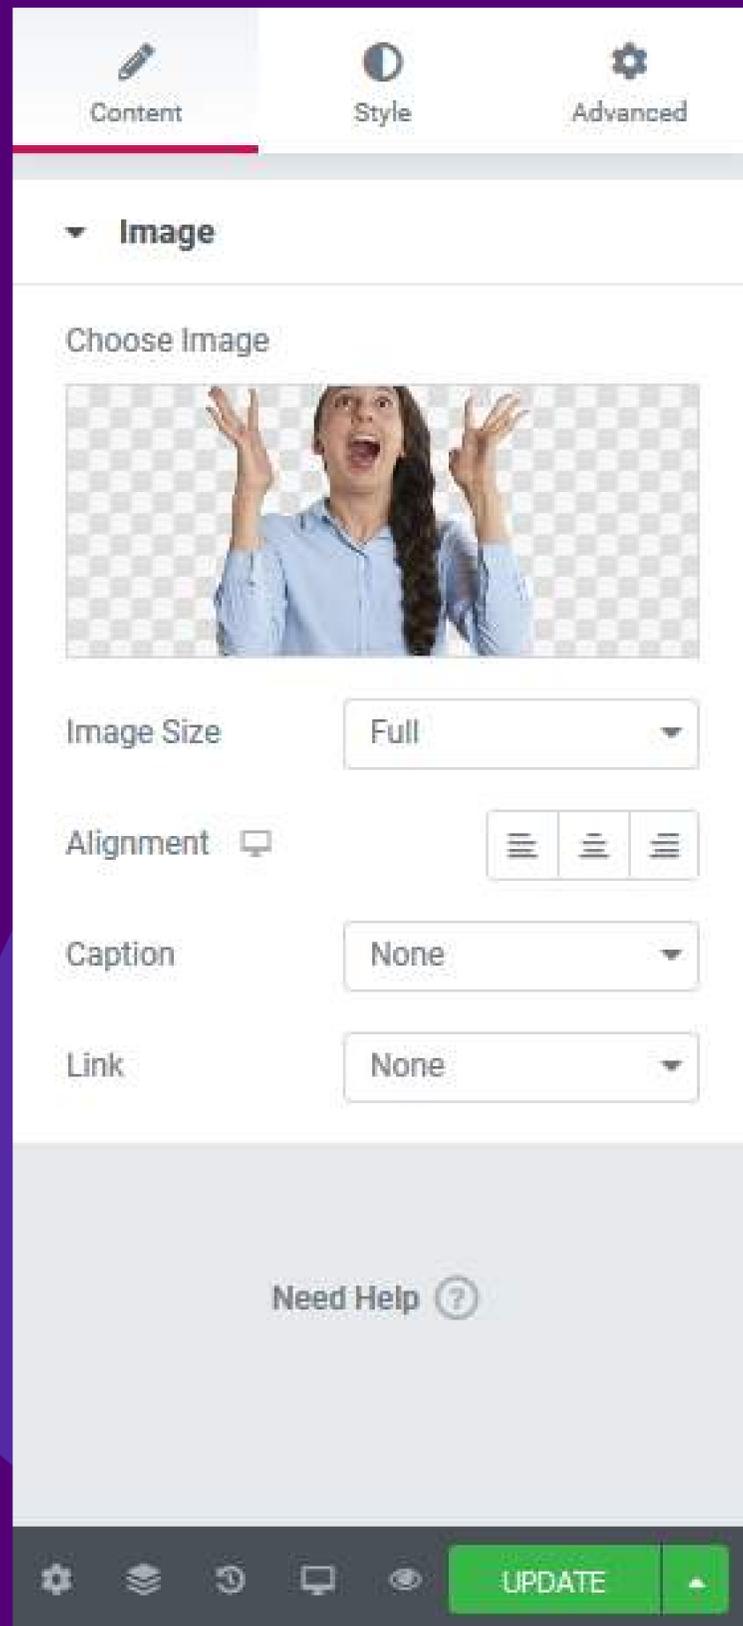

Click on the text you would like to edit. Your text design options are located in the 'Style' tab. They include but are not limited to:

- Size - Choose a size for your font
- Weight - Choose the weight of the font
- Transform - Choose the Transform properties for the font
- Style - Choose between Normal, Italic, and Oblique

Phasellus sit amet odio porttitor, rutrum
Morbi porttitor ac eros nec suscipit.
tincidunt.

Quisque dictum dolor sem, eu viverra
faucibus venenatis odio. Vestibulum
sollicitudin non lorem.

HOW TO PREVIEW & PUBLISH YOUR PAGE?

- After you have made changes to your page, the next thing you will want to do is to **Preview & Publish** it.
- To preview your page, scroll to the bottom panel and click the little eye icon located just before the green update button.
- Note: *The Preview link is different than the actual page link.*
- If you are satisfied with the result, go ahead and click the green Update button to make your changes live.

WHERE TO WRITE YOUR EMAIL ON YOUR CONTACT FORM?

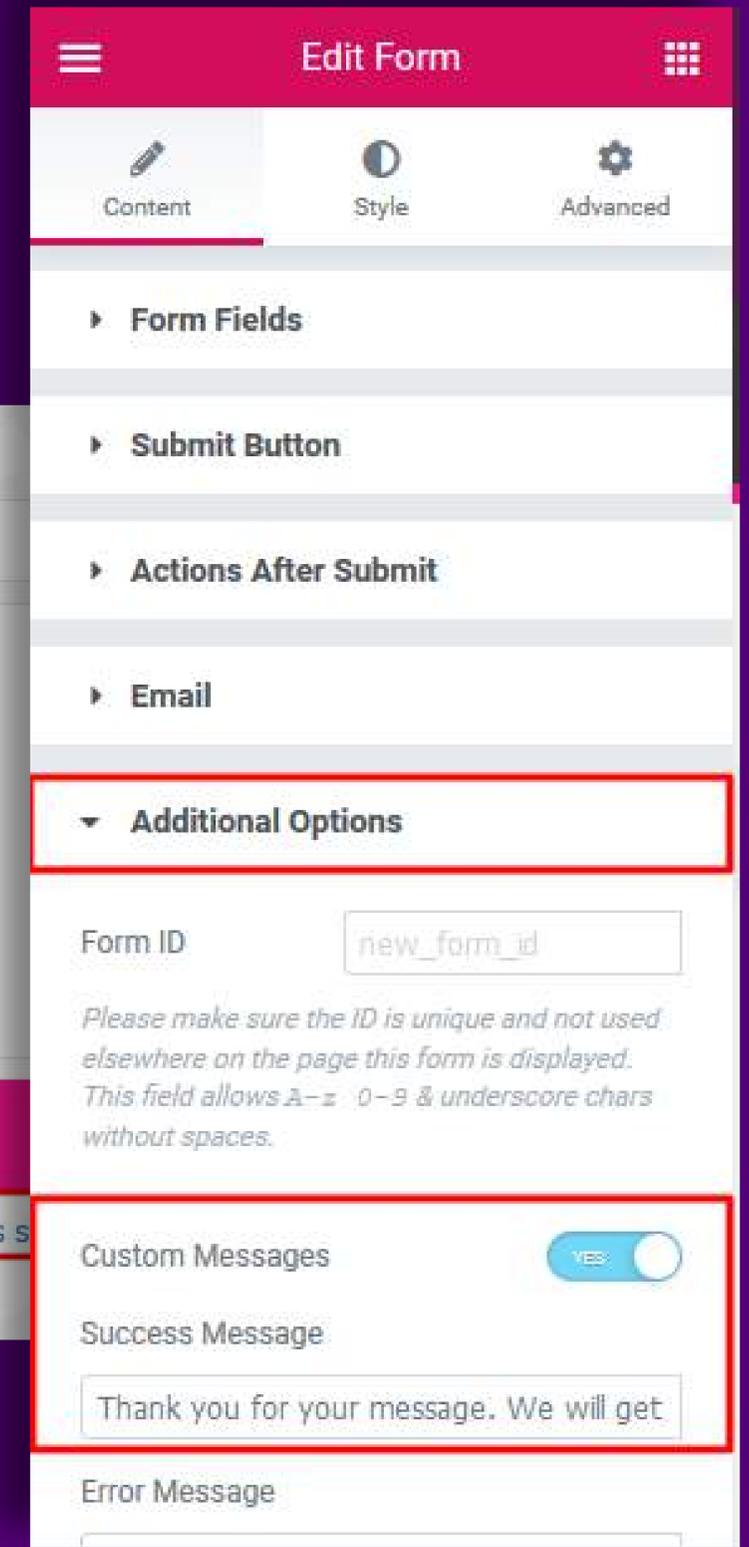

- Your contact form should have an email where all submissions go to. You write your email in the 'To' field (see screenshot A).
- Please DO NOT write anything in the 'Message' box which is located just below the Subject line. Leave that message box as it is.
- For the rest of the fields, make sure you have written the 'ID' in the advanced section. See screenshots B and C).

WHERE TO SET YOUR CUSTOM 'THANK YOU' MESSAGE WHEN A USER SENDS A MESSAGE?

- In your form settings scroll down to 'Additional Options.'
- Activate the 'Custom Messages' toggle by clicking on it.
- Write your custom Thank You message in the 'Success Message' field.
- Make sure to also set a visible message color in the 'Style' tab.

Below the header are three tabs: "Content", "Style", and "Advanced". The "Content" tab is selected. The page lists several settings sections: "Form Fields", "Submit Button", "Actions After Submit", "Email", "Additional Options", "Form ID", "Custom Messages", "Success Message", and "Error Message". A red box highlights the "Additional Options" section, which includes a "Form ID" field with the value "new_form_id" and a note: "Please make sure the ID is unique and not used elsewhere on the page this form is displayed. This field allows A-z 0-9 & underscore chars without spaces." Another red box highlights the "Custom Messages" section, which has a "Custom Messages" toggle set to "YES" and a "Success Message" field containing the text "Thank you for your message. We will get".
